REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders of
Gordon, Haskett Capital Corporation
New York, New York

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Gordon, Haskett Capital Corporation as of March 31, 2018, and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of Gordon, Haskett Capital Corporation as of March 31, 2018 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of Gordon, Haskett Capital Corporation's management. Our responsibility is to express an opinion on Gordon, Haskett Capital Corporation's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to Gordon, Haskett Capital Corporation in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

RAICH ENDE MALTER & CO. LLP

We have served as Gordon, Haskett Capital Corporation's auditor since 2012.

GORDON, HASKETT CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENT
MARCH 31, 2018

Note 1 - Nature of Business and Summary of Significant Accounting Policies

Nature of Business

Gordon, Haskett Capital Corporation (the "Company") is a Delaware corporation formed for the purpose of conducting business as a broker-dealer in securities. The Company is registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA") and the Securities Investor Protection Corporation ("SIPC"). The Company, like other securities industry entities, is affected by economic and political conditions.

The Company operates under the exemptive provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities Exchange Act of 1934, and clears all transactions on behalf of customers on a fully-disclosed basis with a clearing broker-dealer. The clearing broker-dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker-dealer.

Basis of Presentation

The accompanying financial statement of the Company has been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of a financial statement in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include short-term money market funds and highly-liquid debt instruments purchased with an original maturity of three months or less when purchased.

Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e. "exit price") in an orderly transaction between market participants at the measurement date.

The fair value methodology prioritizes techniques used to measure fair value into three broad levels:

- Level 1 – Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access.
- Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

GORDON, HASKETT CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENT
MARCH 31, 2018

Note 1 - Nature of Business and Summary of Significant Accounting Policies (Continued)

Fair Value Measurements (Continued)

- Level 3 – Valuations are based on inputs that are unobservable and significant to overall fair value measurement.

Income Taxes

The Company has elected, by unanimous consent of its stockholders, to be taxed under the provisions of subchapter “S” of the Internal Revenue Code and reports its taxable income on a cash basis for each calendar year. Under those provisions, the Company does not provide for federal and state corporate income taxes on its taxable income. Instead, the stockholders are liable for individual federal and state income taxes on their respective shares of the Company’s taxable income. However, the Company is subject to New York City corporate taxes. At March 31, 2018, the Company has New York City net operating loss carryforwards of approximately \$5,200,000 expiring in 2024 through 2033, giving rise to a deferred tax asset of \$493,000 offset by a contra valuation allowance in the same amount. The valuation allowance increased by \$25,000 for the year ended March 31, 2018.

The Company recognizes the tax benefits of uncertain tax positions only where the positions are “more likely than not” to be sustained assuming examination by tax authorities and determined to be attributed to the Company. The determination of attribution, if any, applies for each jurisdiction where the Company is subject to income taxes on the basis of tax laws and regulations of the jurisdiction. The application of tax laws and regulations is subject to legal and factual interpretation, judgment and uncertainty. Tax laws and regulations themselves are subject to change as a result of changes in fiscal policy, changes in legislation, the evolution of regulations and court rulings. Therefore, the actual liability of the various jurisdictions may be materially different from management’s estimate which is zero as of March 31, 2018.

Management has analyzed the Company’s tax positions, and has concluded that no liability for unrecognized tax benefits should be recorded for related tax positions taken on returns filed for open years 2014-2016, or expected to be taken in year 2017 tax returns. The Company identifies its major tax jurisdictions as U.S. Federal, New York State and New York City where the Company operates. The Company is not aware of any tax positions for which is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next 12 months. The Company will recognize interest and penalties accrued on any unrecognized tax benefits as a component of interest expenses. As of March 31, 2018, the Company has no accrued interest or penalties related to uncertain tax positions.

Furniture and Equipment

Furniture and equipment consists of computers, and furniture and fixtures which are recorded at cost and depreciated over their useful lives of five years. Maintenance and repairs are charged to operations. Major renewals and improvements are capitalized.

GORDON, HASKETT CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENT
MARCH 31, 2018

Note 2 – Fair Value Measurements of Securities Owned

The inputs and methodology used for valuing the following securities are not necessarily an indication of the risk associated with investing in those securities.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The inputs and methodology used for valuing the following securities are not necessarily an indication of the risk associated with investing in those securities.

<u>Description</u>	<u>Level 1</u>
Money Market Funds	<u>\$ 885,069</u> Reported as cash equivalents

Note 3 - Furniture and Equipment

The components of furniture and equipment are as follows:

Office equipment	\$ 212,412
Furniture and fixtures	<u>41,269</u>
	253,681
Less: Accumulated depreciation	<u>(244,188)</u>
	<u>\$ 9,493</u>

Note 4 - Net Capital Requirement

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At March 31, 2018, the Company had net capital of \$1,034,317 which exceeded the requirement of \$50,000 by \$984,617. The Company's net capital ratio was 0.07 to 1.

Note 5 - Financial Instruments with Off-Balance-Sheet Credit Risk

As a securities broker, the Company is engaged in buying and selling securities for a diverse group of institutional and individual investors. The Company transactions are collateralized and are executed with and on behalf of banks, brokers and dealers, and other financial institutions. The Company introduces these transactions for clearance to another broker-dealer on a fully-disclosed basis.

GORDON, HASKETT CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENT
MARCH 31, 2018

Note 5 - Financial Instruments with Off-Balance-Sheet Credit Risk (Continued)

The Company's exposure to credit risk associated with nonperformance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair customers' ability to satisfy their obligations to the Company and the Company's ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the Company and its clearing broker-dealer provides that the Company is obligated to assume any exposure related to such nonperformance by its customers. The Company seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing broker-dealer's internal guidelines. The Company monitors its customer activity by reviewing information it receives from its clearing broker-dealer on a daily basis, and requiring customers to deposit additional collateral, or reduce positions, when necessary.

In the normal course of business, the Company indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, against specific potential losses in connection with their acting as an agent of, or providing services to, the Company. The Company also indemnifies some clients against potential losses incurred in the event specific third-party service providers, including sub custodians and third-party brokers, improperly executed transactions. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

The Company maintains its cash and cash equivalents at its clearing broker.

Note 6 - Related Party Transactions

The Company has two separate Research Exchange Vendor Agreements with two separate related entities (under common ownership) whereby the Company agrees to pay the related entities annual fees research services pursuant to Section 28 (e) of the Securities and Exchange Commission. As of March 31, 2018, the Company owed \$37,693 to the one related entity, which is reported as due to related party in the accompanying statement of financial condition.

The Company has entered into three separate written expense reimbursements agreements with certain related parties owned by a 50% stockholder, or under common ownership of the Company.

The Company leases office space from a related entity that is wholly owned by a 50% stockholder of the Company, on a month-to-month basis.

Note 7 - Employee Benefit Plans - 401(k) Plan

The Company sponsors a non-contributory 401(k) Plan for its employees. This Plan provides for tax-deferred salary deductions for employees meeting certain minimum age and service requirements.
